PROJECT ASSESSMENT PLANNING TOOL

For the assistance of the Proponent, other concerned government agencies and LGUs in the management of the project and for better coordination in mitigation on the impact of the project on its surrounding areas and to the environment.

By way of recommendation, the following have been taken notice of by the EMB-IX Region and are forwarding these recommendations to parties and authorities concerned for proper action and integration into their decision-making process.

A. Recommendations to Concerned Government Agencies/LGUs	Concerned Permitting, Deciding, Monitoring Entities
1. That Local Government Unit of Mabuhay shall ensure that socio-economic concerns of various stakeholders are adequately addressed.	LGU
2. That Local Government Unit of Mabuhay should implement segregation, collection, recycling and disposal mechanism for solid waste in accordance with RA 9003.	LGU
3. That adequate storm drainage canal, concrete culverts and other flood control measures need to be provided to adequately receive and channel the run-off of silt laden rainwater to the nearby receiving body of water.	NGA concerned
4. That Local Government Unit of Mabuhay should coordinate traffic management in the area affected by the project in anticipation in the growth of traffic arising from the project.	LGU
5. That Local Government Unit of Mabuhay shall secure permits/clearances from concerned agencies and shall submit to this Office prior to project implementation	Proponent, LGU and Other Government Agencies concerned
6. Tree Cutting Permit shall be secured in case trees will be affected during project operation.	DENR
B. Environmental Planning Recommendations for the Proponent	
1. Local Government Unit of Mabuhay shall undertake close monitoring in all stages of the project implementation to maintain a high level of environmental safety and performance efficiency and immediately address any environmental hazards.	
2. Schedule noisy activities during day time.	
3. Donate collectable recyclables to the LGU.	
4. Regular watering of unpaved roads and exposed soils/ground to prevent dust generation.	

For dissemination and proper action of the parties concerned.
